

BOAT SLIP RENTERS PLEASE READ!

Emergency Order #12 “Safer at Home Order” was put into effect on March 24th, by Governor Evers. With this order the City will **not** be closing access to slips that are rented for the season at this time. The City is recommending that individuals **delay** slip occupancy when possible, to limit the number of boats in the slips.

Please keep groups in numbers of 4 or less and the maximum number of people on a single dock at one time is 10. (For example: 10 people maximum on the entire Dock A at one time) Social Distancing of 6’ or more is required. Please be courteous to the other slip renters and do not linger on the docks during busier times.

Marina office and Restroom facilities will not be open during the Emergency Order. If fuel or a pump out is needed please contact the Harbor Master @ 920-948-9465.

This will be in effect until the Governor’s Safer at Home Order expires.

Please be responsible and limit your time on the docks until this order has expired! We appreciate everyone’s cooperation in complying with the new rules to reduce the spread of this virus.

Thank you!

City of Fond du lac Park and Forestry Department
